## Aims and Objects of the Association

---

- (1) To safeguard the health of mothers and babies.
- (2) To encourage the breast feeding of infants.
- (3) To train double certificated Nurses in Mothercraft and Infant Welfare.
- (4) To employ these trained Nurses, who shall—
  - (a) Attend certain Centres, where not only mothers with their babies can come, but also expectant mothers.
  - (b) Visit mothers at their homes, and help them carry out simple hygienic rules.
- (5) To hold meetings and give organised teaching to women, as opportunity shall arise, and to disseminate such knowledge by every available agency.
- (6) To co-operate with all present or future organisations working for the same objects.

---

The object of the Association being to keep infants healthy, sick children are not treated at Centres, but are always referred to their own doctor or to a hospital.

## VICTORIAN BABY HEALTH CENTRES ASSOCIATION INCORPORATED

(Central Council)

### FORTY-FIFTH ANNUAL REPORT

Ladies and Gentlemen,

In presenting the Forty-Fifth Annual Report the Council draws attention to the fact that, while its report gives a general survey of the Association's work, each Health Centre publishes its own Annual Report and Balance Sheet, manages its own affairs, and extends the work in its own district, the Association acting as a co-ordinating link between the various Centres.

The Balance Sheet at the end of this report relates only to the activities of the Central Council of the Association, and its Queen Elizabeth Hospital for Mothers and Babies, and Infant Welfare Training School.

### ADMINISTRATION

The Council has met every month. The Executive Committee consists of the office-bearers and twenty (20) members of the Council of whom two at least must be representatives of Municipal Councils, two at least representatives of country centres, and one a member of the British Medical Association, and is elected by the Council at the first meeting after the Annual Meeting.

This Committee which co-ordinates the work has met every month.

The Queen Elizabeth Hospital Committee, and a Medical Sub-Committee, deal with all technical matters in connection with the training of the Nurses, and the conduct of the Hospital and its Baby Health Centre.

Finance is dealt with by a separate Sub-Committee.

### LADY DELACOMBE

Lady Delacombe, wife of the new Governor of Victoria, Sir Rohan Delacombe, very graciously consented to become Patroness of the Victorian Baby Health Centres Association.

Within a week of her arrival in Victoria, Lady Delacombe showed her warm interest in work going on in Victoria for the welfare of mothers and babies, by very graciously consenting to officially open the "1963 Doll Pageant" held annually at the Myer Emporium in aid of the Association's "Queen Elizabeth Hospital for Mothers and Babies".

Lady Delacombe very kindly paid a brief visit to the hospital after her official welcome by the National Council of Women of Victoria, which took place on May 29th at the "Isabel Younger Ross Memorial Hall", which is situated in the grounds of the Queen Elizabeth Hospital for Mothers and Babies in Carlton.

We look forward to showing Lady Delacombe, as opportunity arises, other facets of our work for the mothers and babies of this State, and hope that it may be possible for her to visit and see the work going on in the various country centres when she may be visiting different parts of Victoria officially for any reason.

### GENERAL PROGRESS

The Association, as the major Voluntary Infant Welfare Organisation in the State of Victoria, continues its work of establishing new Baby Health Centres and extending the scope of existing ones.

The Association also continues its interest in promoting legislative reform necessary for safeguarding the health of women and children, and stresses the definite need for increased funds for the development of all maternal and child welfare work, with its valuable objectives of saving infant life, the prevention of ill-health amongst young children and encouraging mothers to have, and rear, the healthy children so much needed by the nation.

The Association, as a representative organisation, affords the vital link-up of municipal and public interest in infant welfare work throughout the State that is so essential to the movement and its progress.

The Council of the Association is formed of representatives from the Municipal and Shire Councils, their Baby Health Centre Committees, and from other kindred societies interested in the welfare of women and children, and actively concerned with its actual promotion. Unity is strength, and such a link-up with a central organisation gives strength to this movement, since it creates the organised public opinion and interest that all progressive movements need in a democratic community.

Many Councils and Baby Health Centre Committees are interested and effective in promoting infant welfare work in their own districts, but it is only when they are linked up by representation in this Association that they can combine to form the necessary public opinion for promoting all measures for safeguarding the health of the mothers and babies, and their sphere of influence in this work is widened by contact with others similarly engaged.

One trusts that as the Baby Health Centre movement develops in this State, and Commonwealth as a whole, that nothing will be allowed to militate against the strength and unity of the Voluntary Infant Welfare Organisations, which have been responsible, not only for playing the vital part of pioneering this movement, but in maintaining its general progressiveness during the many years of its development, facts which are frequently forgotten.

The tremendous value to this movement of the work and interest of the Ladies' Baby Health Centre Committees formed to assist Councils in the domestic management of their Centres cannot be too strongly stressed.

Not only has the work of these committees been responsible in the first place for the establishment of the Centres in their district, and for stimulating the interests of their Councils in the project but they have been largely responsible for the subsequent development of the work, and for obtaining for the sister the necessary equipment, and facilities for her work.

The best results in Centre work and their general running eventuates when Councils have such Ladies' Committees with whom they work in close co-operation.

#### THE YEAR'S ACTIVITIES

There are now 459 Centres affiliated with the Association. New Centres have been established at Bundoora, East Rosanna, Beaconsfield and North Cheltenham.

New Centre buildings have been officially opened during the year at Morwell, Tooradin, Grovedale, Mooroolbark and Ouyen.

Centres visited by the Hon. Secretary during the year to give talks, attend Annual Meetings or for the official opening of new centre buildings were Emerald, Sandringham, Camberwell, Malvern, Geelong West, Cohuna, Romsey, Heidelberg, Mornington, Kilsyth, Croydon, Morwell, Tooradin, Grovedale, Mooroolbark and Ouyen.

Dr. Officer also visited Colac to judge the local Committee's Babies Photographic Competition in aid of their local Centre funds.

Mr. M. V. Anderson, President, attended the Caulfield Baby Health Centre Committee's Annual Meeting during the year.

The Council is grateful to Mrs. Rivers Dickinson for representing the Association at various meetings in the Croydon district.

Dr. Doris Officer gave a broadcast, through the courtesy of 3KZ, on "Accident Prevention" in May.

#### "MARGARET WHITE PRIZE"

The "Margaret White Prize" given to the Infant Welfare trainee considered best during the year, will be increased next year owing to the generosity of Mr. C. O. White.

Mr. White has donated the sum of £500, in memory of his wife, to be known as "The Margaret Eleanor White Trust". The money has been invested, and the interest will be used to increase the prize given annually to £25.

Mrs. C. O. White was closely associated with the Association, when it first pioneered the establishment of the Baby Health Centre movement in this State in 1917. She was Hon. Treasurer of the first Council established in 1918, and from 1919 she was Hon. Secretary of the Association till she went to England to live in 1933.

The Council of the Association is very appreciative of Mr. White's kind gift and action in perpetuating his wife's name with the Association's work, which she did so much to further whilst living in Victoria.

#### WORK OF THE BABY HEALTH CENTRES

The work being carried out by the Baby Health Centres continues to increase and more demands than ever are being made on the Sisters' time and services to the community. This fact is becoming increasingly recognised by Councils and their Committees, and consequently additional Infant Welfare Sisters are being appointed to their Centres to cope with the extra work.

Many Councils are also providing better transport facilities for their Sisters to help them to attend new Sub-Centres and to assist the mothers in their homes. This will conserve the Sisters' valuable time for the actual work of advising mothers, instead of much of it being wasted through inconvenient methods of transport.

The Baby Health Centre movement provides the most extensive system of parent education at a very reasonable cost to the community.

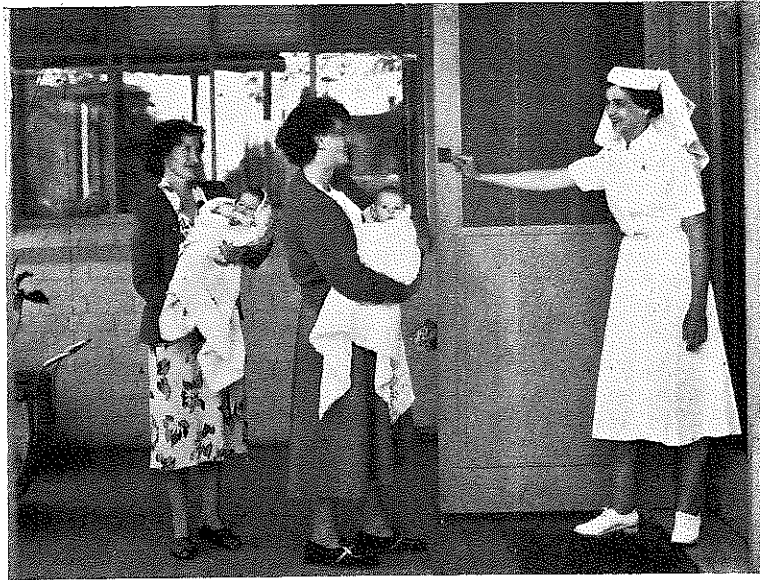

Of all services provided for the mothers it is one that comes most intimately in contact with them, both through the mothers' regular attendances at the Centres and by the extensive system of home visiting, which is part of the Sisters' work.

Advice at the Centres covers that given to expectant mothers, and the baby from 0-5 years of age (i.e., up to school age).

The work carried out at the Centres by the Sisters is not only invaluable in its preservation of precious infant life and its prevention of avoidable illness, but it helps the mother in the establishment of sound family life, by teaching her the "art of motherhood".

**Dental Examinations.**—The need for the extension of dental examination and treatment for children attending Centres is urgent, especially in country districts.

Colac provides dental inspection for the children attending the Centre. This has been in operation for many years, and has been possible through the co-operation and help of the local dentists. Other country towns could well follow this lead.

Mothers arriving at the Queen Elizabeth Hospital Baby Health Centre.

Melbourne, South Melbourne, Prahran, Brunswick and Essendon City Councils have established pre-school dental clinics in their districts in connection with their infant welfare centres, and other Councils we hope will develop similar services.

**Ante-Natal Care.**—Care of the expectant mother and advice to her on all points of general hygiene and diet has always been a feature of Baby Health Centre work. Extension of such care has been carried out for some years now by the establishment of ante-natal clinics in connection with Baby Health Centres under special medical supervision.

Such clinics have been established in many Municipalities.

An extension of this work is particularly desirable since it saves the mother both time and fatigue in travelling and the over-crowding of the ante-natal clinics at the hospitals, with whom the Centre ante-natal clinics work in close co-operation.

**Pre-School Facilities.**—Many new Baby Health Centres incorporate in their plans provision for indoor and outdoor playing spaces for toddlers. Suitable toys and equipment also provide demonstrations to parents in all matters required for the development of children at different age levels.

Some Baby Health Centres are combining Pre-School facilities in conjunction with their centre buildings.

**Parent Clubs.**—Parent Clubs have been established in connection with some Baby Health Centres. Such clubs are primarily educational in object, and form a valuable means of furthering the knowledge of parents in all matters connected with the upbringing of their children.

It is hoped that other Councils and their Committees will consider the establishment of Parent Clubs, or the arrangement of special lectures for parents.

**Libraries.**—Many Centres are incorporating libraries of suitable books for the use of the mothers; a lead that other Centres could follow

with advantage. Lists of suitable books and where to obtain them may be had on application to the Head Office of the Association.

**Immunisation and Vaccination.**—Councils continue to carry out immunising against diphtheria, whooping cough and tetanus, and immunising against poliomyelitis, for children attending the Centre, or living in their districts. Such immunisation programmes, together with vaccination against smallpox, are safeguards to the children's health, which Sisters-in-Charge of Centres should encourage all mothers to take advantage of.

**Home Safety and Accident Prevention.**—This is another sphere that Sisters in charge of Centres throughout the State have special opportunities of teaching the mothers and so reducing the mortality and incidence of the crippling injuries that may result from lack of thought in promoting "Home Safety". As our Infant Welfare Sisters are given special training in this subject during their Infant Welfare course, and 90% of mothers with young babies attend Baby Health Centres, the Sisters have the best opportunity of anyone in teaching "accident prevention".

#### PROBLEMS AFFECTING MOTHERS

**Municipal Home Help Scheme.**—The Councils who have established Home Help Schemes in their districts are making a valuable contribution to the health of women and children.

To relieve the constant dread which hangs over the mother of a young family, as to who will care for the children should she fall ill, or even during her confinement, we need a **MUCH** greater extension of all existing Home Help Schemes.

Good "Personnel" for staffing "Home Help" services is our prime necessity, and many more of such personnel are required for this service.

#### INFANT MORTALITY RATE

In 1962 the Infant Mortality rate in Victoria was 18.5 per 1,000 live births, an encouragingly low figure — but slightly higher than the record low of 17.8 per 1,000 achieved in 1961.

### "BABY HEALTH" QUARTERLY MAGAZINE

The Association has continued the production of this Magazine during the year.

The magazine has now been in production for over fifteen years, and favourable comments are constantly being received in regard to it from readers in Victoria, in other Australian States, and from overseas readers.

The Association values the interest of the firms, who support the production of the magazine by the insertion of advertisements. The Council is grateful to all its regular subscribers and those Committees who guarantee to sell a certain number of copies each issue.

An increase in the number of regular subscribers would be welcomed, as this ensures the financial stability of the Magazine.

### VOLUNTARY HELPERS

The Council thanks the Voluntary Helpers of the many Baby Health Centres for the regular time they give each week to help the Sisters-in-Charge of Centres. This help is very greatly appreciated; it would be extremely difficult for the Sisters-in-Charge of busy Centres to give adequate time in advising mothers without this assistance of weighing the babes and carrying out other helpful Centre duties.

### THE QUEEN ELIZABETH HOSPITAL FOR MOTHERS AND BABIES

The year has been a particularly busy one. At our present building it has been possible to double our former training functions in Infant Welfare and Mothercraft and to almost quadruple the residential care given to Nursing Mothers, and to the many delicate frail little infants, including premature ones, who are referred to this institution from all parts of the State.

### ADMISSIONS TO THE NURSING MOTHERS' WING AND INFANTS' HOSPITAL

Breast-fed Babies .....	115
Artificially-fed Babies .....	247
Premature Babies .....	28
Mothers .....	197

A total of 587 mothers and babies admitted during the year.

**Nursing Mothers' Wing.**—In this wing mothers not only receive help if experiencing difficulty with natural feeding, but are taught the care and management of their infants.

Many mothers are transferred to the Queen Elizabeth Hospital for Mothers and Babies for extra rest and care from the Maternity Hospitals. All mothers who have been in residence have expressed their appreciation of the wonderful help given to them, and their delight that there is such a place for them to come to for rest, care and alleviation of their difficulties.

Highly successful results with breast feeding are being achieved through the work of this section of the institution.

**Infants' Hospital Section.**—In this section skilled attention is being given to premature, frail and delicate babies—little babies who would rapidly go downhill if they did not receive this expert care often required for long periods. They leave the hospital as bright, bonny babies with a firm hold on life.

**Training Functions.**—Training of Baby Health Centre Sisters and Mothercraft Nurses is an important work of the Queen Elizabeth Hospital for Mothers and Babies. These highly trained Nurses take skilled advice to countless mothers all over the State.

**Infant Welfare Trainees.**—Thirty-eight (38), Sisters were trained in Infant Welfare during the year. A total of 1,181 Infant Welfare Sisters have been trained by the Association since the inception of this Movement in Victoria.

Seventeen (17) Infant Welfare Sisters have been given Special Refresher Courses in Infant Welfare during the year.

The following prizes have been awarded during the year—

"The Sir Herbert & Lady Olney" prizes given to the trainees in each term considered most suitable for Baby Health Centre work:—

First Term — Sister J. G. Williams.

Second Term — Sister M. J. Reeve.

Third Term — Sister L. M. Hindaugh.

"The Margaret White Prize", awarded to the trainee considered best in the year has been awarded to Sister J. G. Williams.

The Council congratulates the winners of these prizes on their success.

Eight (8) Mothercraft Students are in residence for the fifteen months Course in Mothercraft.

Six (6) Mothercraft Nurses completed their training during the year.

During the year Tongala Milk Products Pty. Ltd. have very generously made a sum of money available to the Association to provide a "scholarship" each term to assist an infant welfare trainee with her course. This has been greatly valued by those selected for this scholarship each term. Holders this year have been:

First Term — Sister Cooling.

Second Term — Sister Gawne.

Third Term — Sister Gleeson.

Dr. Kate Campbell continues her work as Senior Medical Officer to the Hospital.

Dr. Elizabeth Turner continues her work of lecturing to the Infant Welfare Trainees.

The Committee is grateful to Dr. Rae Mathews for the generous amount of time she gives to lecture to the Infant Welfare Trainees and Mothercraft Nurses.

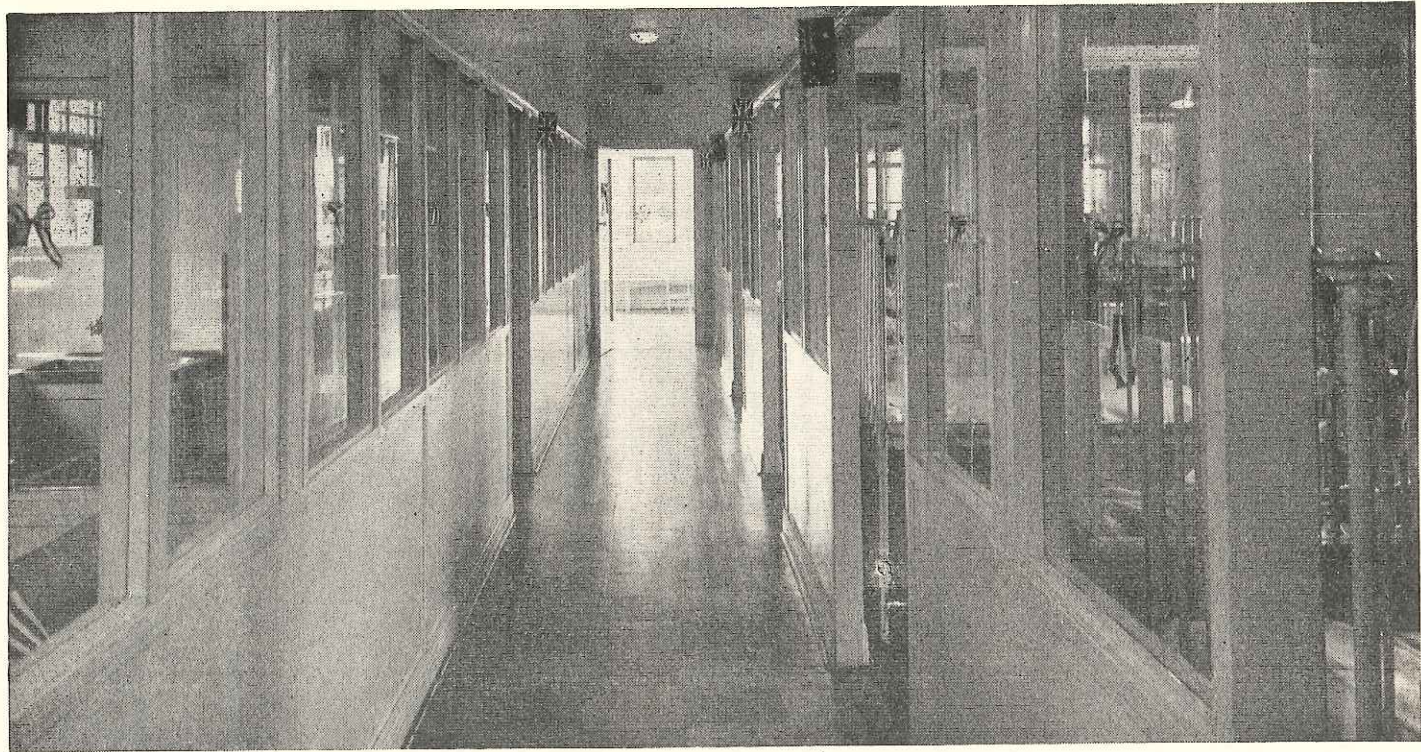

The Committee is also grateful to Dr. Nigel Gray, Deputy Medical Superintendent of Fairfield Hospital, for the time he gives to lecturing on Infectious Diseases, and to Dr. Roy Cash, Senior Dentist to the Melbourne City Council, for his special lectures on "Dental Care", and also to Dr. Newton, of the Maternal & Child Welfare Department, who lectures on "Home Safety and Accident Prevention".

Dr. E. A. Morey lectured to the Infant Welfare Trainees during the year on the Psychological Management of the Toddler and Pre-School Child, which was extremely valuable to them. She has now gone overseas, and will be absent for a year.

Dr. Ruth Walker looks after the Mothers and Babies in the Nursing Mothers' Wing, and Dr. Margery Wadds conducts a weekly clinic to trainees in the Baby Health Centre, and is also Assistant Paediatrician to the Hospital.

Dr. Marcia Robinson continued her lectures on "Pre-natal Care" to Infant Welfare trainees during the year.

Queen Elizabeth Hospital for Mothers and Babies, Babies' Nursery.

Dr. T. Seward has continued his lectures on "Preventive Dentistry" to trainees and to Mothers in residence, or attending the Baby Health Centre.

Special Lectures on the pre-school child are given by Miss Stubbs of the Maternal and Child Welfare Department, and visits to the "Lady Gowrie Centre" are paid by trainees.

Nursing lectures and demonstrations are carried out by Matron and her Nursing Staff.

Dr. Doris Officer continues to give lectures on "Public Speaking" to the trainees.

The Council appreciates the work carried out by the Medical Officers and Lecturers, and the time they devote to this work.

The Council very much values the excellent manner in which the Matron, Miss E. M. Buxton, the Assistant Matron, Sister G. Stott, and the Nursing Staff carry out the work of the Hospital, and to ensure its smooth running. Mothers constantly express their warm gratitude for all the help and care they receive at the Hospital.

The Council records its appreciation of the work during the year of its Honorary Medical Officer to the Staff of the Hospital. The Council values the time that Dr. Helen Byrne gives so generously to this work.

The Council appreciates too the loyal and efficient work carried out during the year by all members of the domestic staff. The smooth running of the domestic side of the Hospital contributes so much to the successful running of the Hospital.

The Council values Mr. J. Stenning's work as general handyman—and the many services he carries out for the Hospital and the "Isabel Younger Ross Memorial Hall".

The Annual Reunion of Sisters in Charge of Centres, and past trainees of the Association was held in December, 1962, at the Isabel Younger Ross Memorial Hall.

Improvements effected by the Committee at the Hospital during the year included the completion of re-painting and renovations to the Mothers' Wing, re-painting the bathrooms in the Mothercraft Nurses' quarters, and re-painting of the Domestic Staff quarters is in progress.

#### QUEEN ELIZABETH BABY HEALTH CENTRE

This Centre gives daily advice to many mothers living in the vicinity, and visits are also paid to the homes of the mothers.

The Sister-in-Charge is not only responsible for the routine running of the Centre itself, but also for the practical training of the Infant Welfare Trainees in Centre work.

The Council is grateful to Sister Love, the Sister-in-Charge, for her excellent work during the year.

#### CENTRE ATTENDANCES

Total attendance for the year	3,664
New entries on roll	183
Total attendances babies (under two years)	2,927

Sister Love and her staff have given co-operation to the Melbourne City Council in its campaign for diphtheria immunisation, and have organised the smooth running of the monthly immunisation sessions, carried out by the Council's medical officer. Assistance is also given to Dr. Broderick, Child Welfare Medical Officer, for the City of Melbourne, at her medical clinics at the Queen Elizabeth Baby Health Centre.

The Committee is grateful to Dr. Gilbert, Medical Officer to the Melbourne City Council, for his gift of a set of excellent posters to the Centre and for his help in our work.

#### BUSINESS MEN'S COMMITTEE OF THE QUEEN ELIZABETH HOSPITAL FOR MOTHERS AND BABIES

The Council greatly appreciates the support afforded the Association's work by the members of the Business Men's Committee, under the able Chairmanship of Mr. W. Howard.

This Committee has continued its good work of raising funds for the maintenance and development of the work of the Queen Elizabeth Hospital for Mothers and Babies.

The Council is deeply grateful to the Directors of the Myer Emporium for again sponsoring the Doll Pageant this year in conjunction with the Business Men's Committee.

During the year the Business Men's Committee contributed the sum of £1,148/18/10 to the hospital funds.

The Council congratulates and extends its warm thanks to the Business Men's Committee for its splendid work during the year—and for the very material benefits that their activities have brought to the Hospital funds.

#### AUXILIARIES

##### Queen Elizabeth Hospital Surrey Hills Auxiliary:

The Council is very appreciative of the continued help given by this Auxiliary to the Hospital during the year.

Not only does this Auxiliary contribute many gifts of baby clothes to the Queen Elizabeth Hospital during the year, but has raised substantial sums for the purchase of special equipment for the Hospital.

During the year this Auxiliary made a contribution of £73 towards the cost of a new stainless steel sink for the Kitchen — a gift that has been greatly appreciated by the domestic staff.

The Council expresses its warm thanks to the members of this Auxiliary for their continued valuable help to the Hospital.

#### ISABEL YOUNGER ROSS MEMORIAL HALL

During the year the Hall has been in demand for various functions and conferences.

The monthly lectures for Infant Welfare Sisters from all over the State, which are arranged by the Maternal and Child Welfare Department, are held in the Hall, and the monthly lectures arranged by the Association and given by Dr. Kate Campbell, are also held at the Hall.

The attractiveness and excellent facilities at the Hall have been appreciated by all who have used it, and special delight and comment have been expressed on its excellent acoustics.

A special Conference was arranged by the Association, in conjunction with the Plastics Institute of Australia, at the Hall on April 3rd on “Home Safety and Accident Prevention”. There was a very good attendance of young mothers, who came from many of the inner and outer suburbs of Melbourne, and also a great number of those working in the infant welfare and child welfare fields.

#### LECTURING SISTER

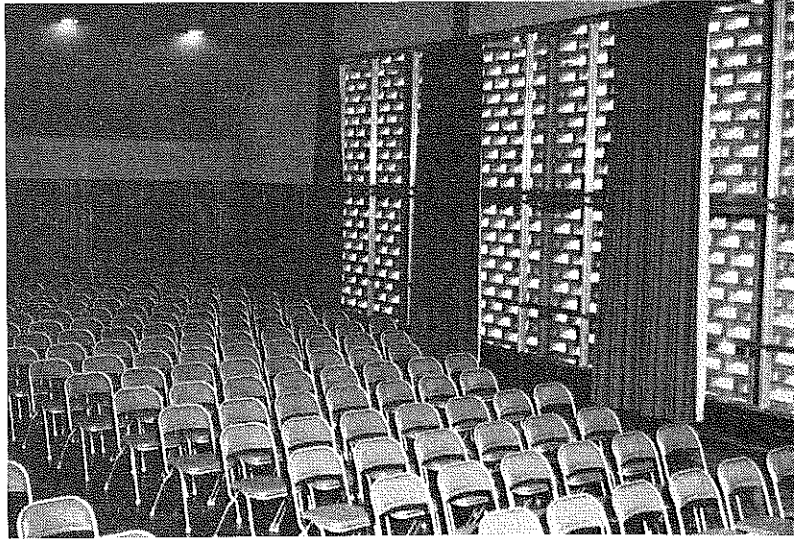

The past year for Mothercraft Lectures has proved most successful.

The percentage of certificate awards was excellent, and the number of passes and failures were small compared with the number of students receiving lectures throughout the year.

Two prizes were awarded by the Association at the end of the school year for the best project books — one being allotted to a student at Fintona Girls' School, and one to a student at “Penleigh” Presbyterian Ladies' College.

Films were shown to students at Emily McPherson Domestic College and Fintona.

Many expressions of appreciation of the Mothercraft Lectures given have been received from headmasters and headmistresses, and principals of the various schools.

The following 39 schools were visited:—

**Colleges of Domestic Economy:** "Emily McPherson", "J. H. Boyd".

**Convents:** St. Columba's College.

**Methodist Ladies' College** at Hawthorn and Elsternwick, "Strath-erne" P.L.C., "Penleigh" P.L.C., "Ruyton" Girls' School, "Fintona" Girls' School.

**Central Schools:** Auburn, Gardiner, East Kew, Hawthorn West, Middle Park, Mont Albert, Moonee Ponds, Westgarth.

**Girls Secondary Schools:** Richmond, Fitzroy, Collingwood, Preston, Footscray, Flemington, Camberwell.

**High Schools:** Coburg, Essendon, Ringwood.

**Technical Schools:** Swinburne, Box Hill, Ringwood, Preston and East Preston.

**Grammar Schools:** "Firbank", "Shelford", Ivanhoe and Camberwell. A total of 2,273 girls received Mothercraft Lectures during the year. Certificates issued: 2,210; passed -27, failed 36.

At many of the Schools more than one class is given, some Schools being given up to five classes.

The Council has very much valued Sister Burgess's work as Lecturing Sister, and the interest she takes in it.

#### LECTURES IN MOTHERCRAFT COUNTRY DISTRICTS

In addition to the Lectures in Mothercraft supplied to Schools in the Metropolitan area, many Sisters-in-Charge of Baby Health Centres in the country have given lectures in their districts to senior school girls.

The Association congratulates these Sisters on carrying out this splendid educational work in addition to their routine Centre work.

#### STATE GOVERNMENT

The Government subsidy now paid to Municipalities with Baby Health Centres amounts to £750 per annum for each full-time Sister employed, and proportionately for each part-time Sister.

The subsidy towards the erection of Baby Health Centre buildings is helpful and encouraging to local effort in raising funds for such buildings. The subsidy is now on a 2-1 basis up to £3,000.

The Council values the Government's continuance of the special grants to its Queen Elizabeth Mothercraft and Infant Welfare Training School. **In view of increased costs occasioned by rises in salary rates and award conditions, over which the Committees responsible for running such institutions have no control, a much higher rate of subsidy is imperative if these institutions are to continue to function with any measure of freedom from financial anxiety.** These grants have not been increased since 1946.

The subsidy towards purchase of cars for Sisters in country districts, and the allotment of a grant towards their maintenance and depreciation is a very valuable contribution towards the success of Baby Health Centre work.

#### MUNICIPAL AND SHIRE COUNCILS

Municipal and Shire Councils continue to take an active interest in the Centres and in the extension of this Service in their districts. The Councils have been responsible for the erection of many fine buildings. Further ones are contemplated in many districts as soon as funds and the Government subsidy are available. Councils are frequently helped by funds raised by their Baby Health Centre Committees in erecting their buildings, and many Committees have quite large sums in hand for this purpose, **and the Association's Central Council has assisted many Committees with grants towards the equipment of new centres, or for extending the work in existing ones.**

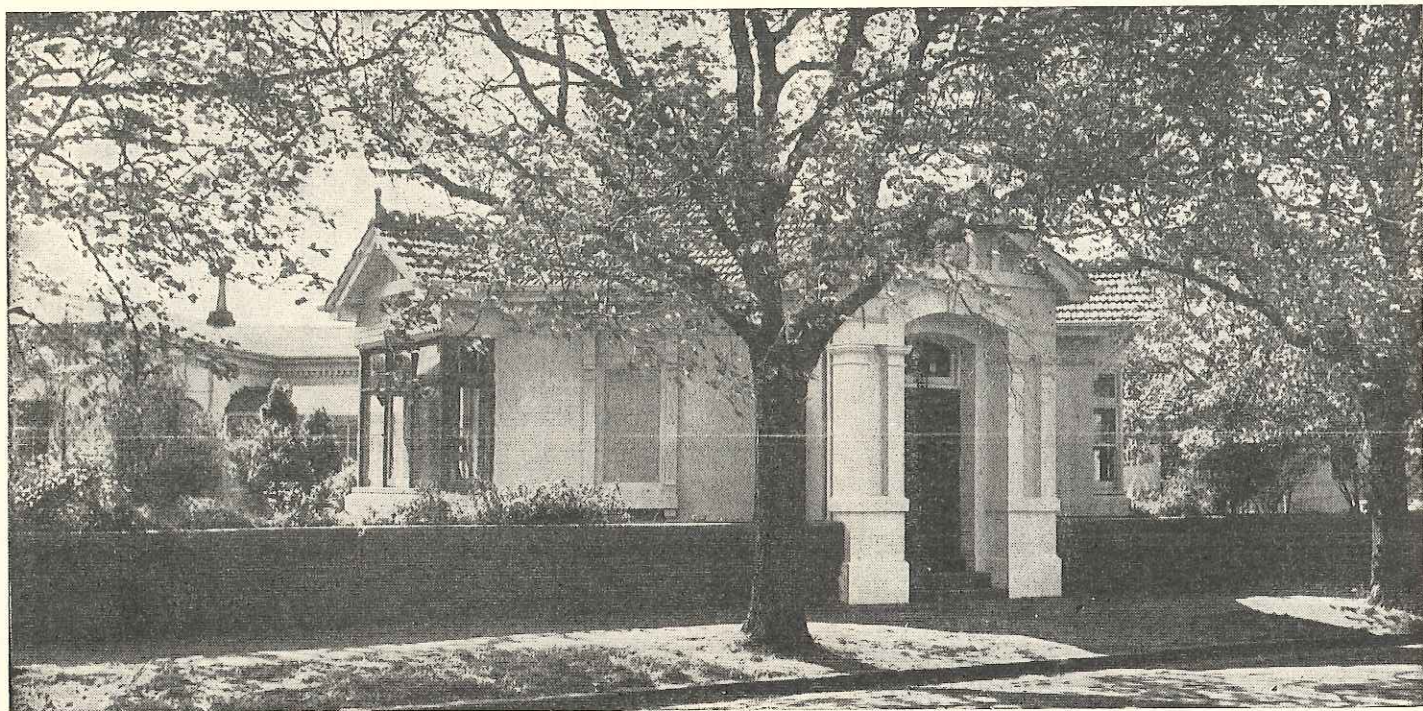

Councils bear all the maintenance costs of their Centres, and the cost of the Sister's salary, aided by the Government subsidy of £750 for each full-time Sister employed, or proportionately for those employed part-time. The award rate for Infant Welfare Sisters is now £21/8/6, with an additional payment of 17/6 per week if required to use any certificates or certificates other than (a) a General Nursing Certificate, (b) an infant welfare certificate.

A uniform allowance of 4/6 per week is also payable under the award.

Some Councils provide cars for their Sisters' use in visiting and travelling between sub-Centres, or give a "car allowance" if a Sister uses her own car for her work.

In many country districts, especially those unserved or sparsely served by train or bus services, a car is a necessity for the Sister to facilitate her transport from one Centre to another to carry on her work in part-time Centres, or to save her time when visiting the mothers in their homes.

The Council is grateful to those Municipal Councils who support the work of the Queen Elizabeth Hospital for Mothers and Babies with regular donations each year.

The Queen Elizabeth Hospital for Mothers and Babies, Melbourne.

## WASTE PAPER

The Association has continued to benefit each month by contributions received from the sale of Waste Paper, the collection of waste paper being carried out by the Hospitals and Charities Waste Paper Appeal Committee.

The Association asks all those interested in helping its work to collect paper and make it available to the "Hospitals and Charities Waste Paper Appeal" in which the Association shares.

During the year the Hon. Secretary of the Association, Dr. Doris Officer, O.B.E., has continued as Chairman of the Hospital and Charities Waste Paper Appeal Committee.

## FINANCE

The Council desires to thank all those who have so generously contributed financial support for its many Maternal and Child Welfare activities during the year. These donations have been of great benefit to the Association's work, and without this support the Association could not continue its work.

The Council specially thanks the Trustees of the Alfred Felton Estate, Alfred Edments Estate, E. G. Batchelder Estate, Werge Batters Estate, Sir Walter Leitch Estate, Henry Gyles Turner Estate, A. J. Levin Estate, A. M. White Estate, Thomas Baker (Kodak), Alice Baker and Eleanor Shaw Benefactions, The H. V. McKay Charitable Trust, The David Syme Charitable Trust, Percy Baxter Charitable Trust, the J. R. Russell McPherson Fund, the "Walter & Eliza Hall" Trust, Stanley Heath Fund.

Donations are gratefully acknowledged from the Business Men's Committee of the Queen Elizabeth Hospital for Mothers and Babies, Surrey Hills Auxiliary-Queen Elizabeth Hospital, Messrs. G. J. Coles & Co. Ltd., Reserve Bank Note Printing Branch Welfare Fund, "The Sun-News Pictorial", Joe White Maltings Ltd., Robison Bros. & Co. Pty. Ltd., Carlton & United Breweries Ltd., Kraft Food Ltd., The Victoria Ltd., Commercial Travellers' Association, Gregory Steel Products Pty. Ltd., Haigh Brothers Ltd., Shell Company of Australia, Swallows' Biscuits Pty. Ltd., Michaelis Hallenstein & Co. Pty. Ltd., Australian Bank Officials Association, Nycander & Co. Pty. Ltd., Gippsland & Northern Co-operative Co. Ltd., Pilven Printing Services Pty. Ltd., Hospital Sunday Collection (allocation through the Lord Mayor's Fund), Victoria Charity Race Meetings, The "Bing Boys" (per Mr. W. Howard and Mr. Rickards), Sir Norman and Lady Carson, Mesdames Bell, Rivers Dickinson, Gardiner, McCutcheon, Roland, Stephens, Washington, Wood, Nelson, Short, Ryan, Miss Edith M. Allen, Miss H. Chandler, Councillor A. J. G. Sinclair, J.P., and Councillor J. Williams.

The following Councils are sincerely thanked for their contributions: Box Hill, Caulfield, Colac, Collingwood, Dandenong, Malvern, Moorabbin, Port Melbourne, Sandringham, St. Kilda, South Melbourne, Shire of Colac, Shire of Corio, Shire of Goulburn.

Donations in appreciation of Mothercraft Lectures arranged by the Association at Schools are acknowledged as follows: Ringwood Technical School, Box Hill Technical School, "Fintona" Girls' School, "Penleigh" Presbyterian Ladies' College, Convent F.C.J. Vaucluse. Also donations from Fintona Service Fund, Preston Technical Social Service League, Preston, Tyler Street Social Service League, Corryong High School.

Donations from Baby Health Centre Committees are gratefully acknowledged: Camberwell, Newtown & Chilwell, and Sandringham. Also Heidelberg Branch of the Country Women's Association and the Liberal and Country Party, Women's Section, Blackburn Branch.

### CONCLUSION

The Council records its thanks to the Sisters of the Association for their loyal and devoted service which means so much to the welfare of the mothers and babies in Victoria.

The Council expresses its thanks to the Secretary, Miss M. G. Lummis, for her valuable work during the year and deeply appreciates her keen interest and loyalty to all the work of the Association — to which she gives unsparingly of her time.

The Association's work of safeguarding the health of mothers and babies and in teaching the art of good parenthood becomes ever increasingly important.

The real prevention of many of the social ills, which cause so much concern today, such as the problems of the neglected, deprived or maladjusted child, or that of juvenile delinquency itself, lies in the teaching of "good parenthood" and in home-making. In this sphere the Association has the opportunity to carry out very valuable preventive work if funds and facilities for developing its work for parents, and the teachers of parents, is forthcoming.

**It is much less costly to prevent than to have to cure.**

M. V. ANDERSON, President.  
DORIS L. OFFICER, Hon. Secretary.

**AUDITORS' REPORT**

We report having audited the accounts of the Queen Elizabeth Hospital for Mothers and Babies for the twelve months ended 30th June, 1963, and in our opinion the Balance Sheet and Accounts have been properly drawn up and exhibit a true and fair view of the affairs of the Hospital according to the best of our information and the explanations given to us and as shown by the books. We have verified the securities as appearing in the Balance Sheet, and have satisfied ourselves as to the currency of policies covering the buildings and equipment against fire.
