AIMS AND OBJECTS OF THE ASSOCIATION

1. To safeguard the health of mothers and babies.
2. To encourage the breast feeding of infants.
3. To equip and maintain a Hospital and Babies Home, and Infant Welfare and Mothercraft Training School, with Model Baby Health Centre for:
 - (a) The special training of Infant Welfare Sisters and Mothercraft Nurses.
 - (b) The provision of education for mothers with a view to enabling them to bring up their children in accordance with modern health principles.
 - (c) The provision of accommodation for the education and care of mothers and babies, especially nursing mothers, and for difficult, delicate or premature babies who may require special investigation and expert care in regard to their rearing, and so that where mothers in poor, necessitous or destitute circumstances are so accommodated and maintained, the Association shall contribute towards their upkeep from its funds received voluntarily for the purpose.
4. To co-operate with School and other authorities in giving teaching to classes of school girls and young women with the view of gaining their sympathy and interest in the proper care and nurture of babies and young children.
5. To arrange for organised teaching to women on the care of the—
 - (a) expectant mother,
 - (b) the mother, and
 - (c) children,and to disseminate such knowledge by every available means.
6. To co-operate with all present or future organisations working for the same objects.

**VICTORIAN BABY HEALTH CENTRES ASSOCIATION
(INCORPORATED)
(Central Council)**

FORTY-NINTH ANNUAL REPORT

Ladies and Gentlemen,

In presenting the Forty-ninth Annual Report the Council draws attention to the fact that, while its report gives a general survey of the Association's work, each Health Centre publishes its own Annual Report and Balance Sheet, manages its own affairs, and extends the work in its own district, the Association acting as a co-ordinating link between the various Centres.

The Balance Sheet at the end of this report relates only to the activities of the Central Council of the Association and its Queen Elizabeth Hospital for Mothers and Babies and Infant Welfare Training School.

ADMINISTRATION

The Council has met every month. The Executive Committee consists of the office-bearers and twenty (20) members of the Council of whom two at least must be representatives of Municipal Councils, two at least representatives of country centres, and one a member of the Australian Medical Association, and is elected by the Council at the first meeting after the Annual Meeting.

This Committee which co-ordinates the work has met every month.

The Queen Elizabeth Hospital Committee, and a Medical Sub-Committee deal with all technical matters in connection with the training of the Nurses and the conduct of the Hospital and its Baby Health Centre, and in the recommendations for development of the work of the Hospital.

Finance is dealt with by a separate Sub-Committee.

LADY CURTIS

The Council wishes to express its warm appreciation to Lady Curtis, President of the Association for her help and interest throughout the year.

OBITUARIES

It is with deep regret the Council records the death of Mrs. W. Kernot, after a long illness.

Mrs. Kernot represented the Geelong Baby Health Centre Committee on the Central Council for nearly 49 years—ever since the establishment of the Geelong Baby Health Centre in 1917—the first Centre to be established in the country in Victoria. She also represented the Geelong West City Council on our Central Council for many years, and was a Life Member of the Association.

The Council also records with deep regret, the passing of Mr. M. V. Anderson, who was President of the Association from 1957 to February, 1966. Mr. Anderson rendered valuable assistance to the Association during his term of office.

GENERAL PROGRESS

The Association, as the major Voluntary Infant Welfare Organisation in the State of Victoria, continues its work of establishing new Baby Health Centres and extending the scope of existing ones.

The Association also continues its interest in promoting legislative reform necessary for safeguarding the health of women and children, and stresses the definite need for increased funds for the development of all maternal and child welfare work, with its valuable objectives of saving infant life, the prevention of ill-health amongst young children and encouraging mothers to have, and rear, the healthy children so much needed by the nation.

The Association, as a representative organisation, affords the vital link-up of municipal and public interest in infant welfare work throughout the State that is so essential to the movement and its progress.

The Council of the Association is formed of representatives from the Municipal and Shire Councils, their Baby Health Centre Committees, and from other kindred societies interested in the welfare of women and children, and actively concerned with its actual promotion. Unity is strength, and such a link-up with a central organisation gives strength to this movement, since it creates the organised public opinion and interest that all progressive movements need in a democratic community.

Many Councils and Baby Health Centre Committees are interested and effective in promoting infant welfare work in their own districts, but it is only when they are linked up by representation in this Association that they can combine to form the necessary public opinion for promoting all measures for safeguarding the health of the mothers and babies, and their sphere of influence in this work is widened by contact with others similarly engaged.

One trusts that as the Baby Health Centre movement develops in this State, and Commonwealth as a whole, that nothing will be allowed to militate against the strength and unity of the Voluntary Infant Welfare Organisations, which have been responsible, not only for playing the vital part of pioneering this movement, but in maintaining its general progressiveness during the many years of its development, facts which are frequently forgotten.

The tremendous value to this movement of the work and interest of the Ladies' Baby Health Centre Committees formed to assist Councils in the domestic management of their Centres cannot be too strongly stressed.

Not only has the work of these committees been responsible in the first place for the establishment of the Centres in their district, and for stimulating the interests of their Councils in the project but they have been largely responsible for the subsequent development of the work, and for obtaining for the sister the necessary equipment, and facilities for her work.

The best results in Centre work and their general running eventuates when Councils have such Ladies' Committees with whom they work in close co-operation.

THE YEAR'S ACTIVITIES

Dr. Officer attended the 2nd Annual Meeting of the Nursing Mothers' Association at the Isabel Younger Ross Memorial Hall on July 28th, 1966. There were about 100 young mothers at the meeting, who came from all parts of Melbourne to attend and some from the country. At that date there was a membership of 160 mothers—six of them started the Association two years previously.

Films were shown on "Preparation for Child Birth", "The Child's Personality" and on "Infant feeding" with emphasis on breast feeding.

Dr. Officer attended a lecture at the Children's Hospital given by Professor Illingworth.

Mrs. Rivers Dickinson represented the Association at the Annual Meeting of Croydon Centre.

At the Official Opening of the new Centre building at Warrandyte the Association was represented by Mrs. W. Stephens. She also attended the Annual Meeting of Richmond Baby Health Centres Committee, taking the place of Dr. Doris Officer, O.B.E., who was unable to be present owing to illness.

Dr. B. P. McCloskey who represented the Department of Health on our Central Council resigned during the year.

His place has been taken by Dr. H. W. Rouch, of the Department of Health.

APPRECIATION

The Hospitals and Charities Commission has been helpful to us in many ways during the year and we are pleased to acknowledge their ready understanding of our problems.

To our legal advisors Messrs. Moule, Hamilton and Derham who act in an Honorary capacity we extend sincere thanks for their help.

WORK OF THE BABY HEALTH CENTRES

The work being carried out by the Baby Health Centres continues to increase and more demands than ever are being made on the Sisters' time and services to the community. This fact is becoming increasingly recognised by Councils and their Committees, and consequently additional Infant Welfare Sisters are being appointed to their Centres to cope with the extra work.

Many Councils are also providing better transport facilities for their Sisters to help them to attend new Sub-Centres and to assist the mothers in their homes. This will conserve the Sisters' valuable time for the actual work of advising mothers, instead of much of it being wasted through inconvenient methods of transport.

The Baby Health Centre movement provides the most extensive system of parent education at a very reasonable cost to the community. Of all services provided for the mothers it is one that comes most intimately in contact with them, both through the mothers' regular attendances at the Centres and by the extensive system of home visiting, which is part of the Sisters' work.

Advice at the Centres covers that given to expectant mothers, and the baby from 0-5 years of age (i.e., up to school age).

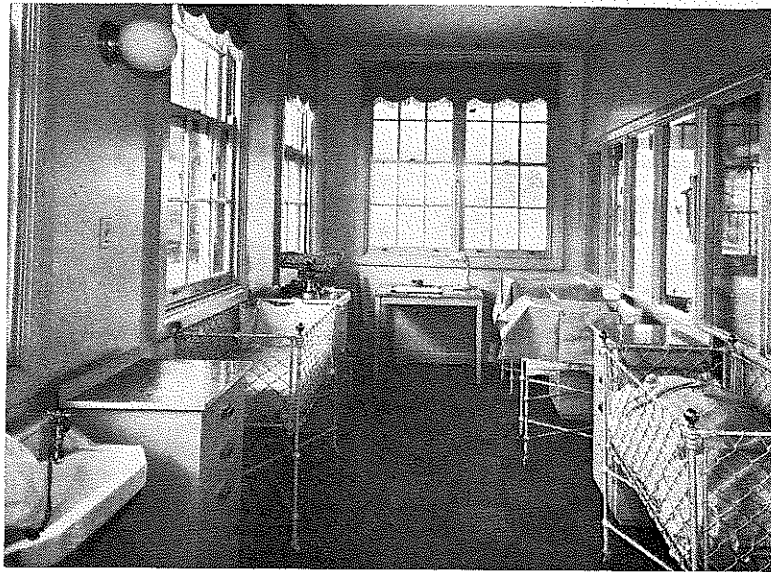

The work carried out at the Centres by the Sisters is not only invaluable in its preservation of precious infant life and its prevention of avoidable illness, but it helps the mother in the establishment of sound family life, by teaching her the "art of motherhood".

Dental Examinations.—The need for the extension of dental examination and treatment for children attending Centres is urgent, especially in country districts.

Colac provides dental inspection for the children attending the Centre. This has been in operation for many years, and has been possible through the co-operation and help of the local dentists. Other country towns could well follow this lead.

Melbourne, South Melbourne, Prahran, Brunswick and Essendon City Councils have established pre-school dental clinics in their districts in connection with their infant welfare centres, and other Councils we hope will develop similar services.

Ante-Natal Care.—Care of the expectant mother and advice to her on all points of general hygiene and diet has always been a feature of Baby Health Centre work. Extension of such care has been carried out for some years now by the establishment of ante-natal clinics in connection with Baby Health Centres under special medical supervision.

A section of the Nursery Wing at Queen Elizabeth Hospital for Mothers and Babies.

Such clinics have been established in many Municipalities.

An extension of this work is particularly desirable since it saves the mother both time and fatigue in travelling and the over-crowding of the ante-natal clinics at the hospitals, with whom the Centre ante-natal clinics work in close co-operation.

Pre-School Facilities.—Many new Baby Health Centres incorporate in their plans provision for indoor and outdoor playing spaces for toddlers. Suitable toys and equipment also provide demonstrations to parents of what is required for the development of children at different age levels.

Some Baby Health Centres are combining Pre-School facilities in conjunction with their centre buildings.

Parent Clubs.—Parent Clubs have been established in connection with some Baby Health Centres. Such clubs are primarily educational in object, and form a valuable means of furthering the knowledge of parents in all matters connected with the upbringing of their children.

It is hoped that other Councils and their Committees will consider the establishment of Parent Clubs, or the arrangement of special lectures for parents.

Libraries.—Many Centres are incorporating libraries of suitable books for the use of the mothers; a lead that other Centres could follow with advantage. Lists of suitable books and where to obtain them may be had on application to the Head Office of the Association.

Immunisation and Vaccination.—Councils continue to carry out immunising against diphtheria, whooping cough and tetanus, and immunising against poliomyelitis, for children attending the Centre, or living in their districts. Such immunisation programmes, together with vaccination against smallpox, are safeguards to the children's health, which Sisters-in-Charge of Centres should encourage all mothers to take advantage of.

Home Safety and Accident Prevention.—This is another sphere that Sisters in charge of Centres throughout the State have special opportunities of teaching the mothers and so reducing the mortality and

incidence of the crippling injuries that may result from lack of thought in promoting "Home Safety". As our Infant Welfare Sisters are given special training in this subject during their Infant Welfare course, and 90% of mothers with young babies attend Baby Health Centres, the Sisters have the best opportunity of anyone in teaching "accident prevention".

PROBLEMS AFFECTING MOTHERS

Municipal Home Help Scheme.—The Councils who have established Home Help Schemes in their districts are making a valuable contribution to the health of women and children.

To relieve the constant dread which hangs over the mother of a young family, as to who will care for the children should she fall ill, or even during her confinement, we need a **MUCH** greater extension of all existing Home Help Schemes.

Good "Personnel" for staffing "Home Help" services is our prime necessity, and many more of such personnel are required for this service.

Many more mothers would be enabled to breast-feed their babies if on return from hospital they could have the services of an efficient home-help to assist them in their homes, so that the mother can get adequate rest which is so essential at this time, especially if there are other young children to look after as well as the baby.

"BABY HEALTH" QUARTERLY MAGAZINE

The Association has continued the production of this Magazine during the year.

The magazine has now been in production for over nineteen years, and favourable comments are constantly being received in regard to it from readers in Victoria, in other Australian States, and from overseas readers.

The Association values the interest of the firms, who support the production of the magazine by the insertion of advertisements. The Council is grateful to all its regular subscribers and those Committees who guarantee to sell a certain number of copies each issue.

An increase in the number of regular subscribers would be welcomed, as this ensures the financial stability of the Magazine.

VOLUNTARY HELPERS

The Council thanks the Voluntary Helpers of the many Baby Health Centres for the regular time they give each week to help the Sisters-in-Charge of Centres. This help is very greatly appreciated; it would be extremely difficult for the Sisters-in-Charge of busy Centres to give adequate time in advising mothers without this assistance of weighing the babes and carrying out other helpful Centre duties.

THE QUEEN ELIZABETH HOSPITAL FOR MOTHERS AND BABIES

The year has been a particularly busy one. At our present building it has been possible to double our former training functions in Infant Welfare and Mothercraft and to almost quadruple the residential care given to Nursing Mothers and to the many delicate frail little infants, who are referred to this institution from all parts of the State, and further developments of the work of the hospital is being considered and planned.

ADMISSIONS TO THE NURSING MOTHERS' WING AND INFANTS' HOSPITAL

Breast-fed Babies	111
Artificially-fed Babies	178
Mothers	111

A total of 400 mothers and babies admitted during the year.

Nursing Mothers' Wing.—In this wing mothers not only receive help if experiencing difficulty with natural feeding, but are taught the care and management of their infants.

Many mothers are transferred to the Queen Elizabeth Hospital for Mothers and Babies for extra rest and care from the Maternity Hospitals. All mothers who have been in residence have expressed their appreciation of the wonderful help given to them, and their delight that there is such a place for them to come to for rest, care and alleviation of their difficulties.

Highly successful results with breast feeding are being achieved through the work of this section of the institution, but much more could be achieved if more mothers were encouraged to come into residence for the specialized help which is available in this section of the hospital, and much of the unnecessary weaning of babies, which too frequently occurs, could be avoided.

Mothers are also helped if experiencing weaning problems with their older babies, and can be helped in the management of twins.

Infants' Hospital Section.—In this section, skilled attention is being given to ex-premature, frail and delicate babies — little babies who would rapidly go downhill if they did not receive this expert care often

required for long periods. They leave the hospital as bright, bonny babies with a firm hold on life. An increased number of babies referred from the Social Welfare Department have been taken into residence for this specialized care, and the Queen Elizabeth Hospital for Mothers and Babies has been gazetted as an Approved Babies Home for this purpose.

Dr. Bialestock, a member of our Executive Committee, and in charge of the babies admitted to "Allambie", the Social Welfare Department's home for babies needing care as Wards of State, sends those babies to our Queen Elizabeth Hospital whom she feels would benefit physically, mentally, and emotionally from the expert care and individual "mothering" which is a special feature of the hospital's work. A sojourn at the hospital has often led to the much earlier adoption of some of these babies than would otherwise have been the case.

Training Functions.—Training of Baby Health Centre Sisters and Mothercraft Nurses is an important work of the Queen Elizabeth Hospital for Mothers and Babies. These highly-trained Nurses take skilled advice to countless mothers all over the State.

Infant Welfare Trainees.— Twenty-nine (29) Sisters were trained in Infant Welfare during the year. A total of 1,322 Infant Welfare Sisters have been trained by the Association since the inception of this Movement in Victoria.

Five (5) Infant Welfare Sisters have been given Special Refresher Courses in Infant Welfare during the year.

The following prizes have been awarded during the year—

“The Sir Herbert and Lady Olney” prizes given to the trainees in each term considered most suitable for Baby Health Centre work:—

First Term — Sister Alison Jeffrey McIlroy.

Second Term — Sister Rona Leslie Davies.

Third Term — Sister Suzanne Elaine Bamber.

“The Margaret White Prize”, awarded to the trainee considered best in the year has been awarded to Sister Mary Patricia Gawith.

The Council congratulates the winners of these prizes on their success.

Eleven (11) Mothercraft Students are in residence for the fifteen months Course in Mothercraft.

Seven (7) Mothercraft Nurses completed their training during the Course in Mothercraft.

Dr. Kate Campbell continues her work as Senior Medical Officer to the Hospital and as Medical Lecturer to the Infant Welfare trainees.

Dr. Elizabeth Turner also continues her work of lecturing to the Infant Welfare trainees.

The Committee is grateful to Miss W. Ride, S.Tut.Dip., from the Maternal and Child Welfare Branch of the Public Health Department, for the special tutorials she so ably gives to the Infant Welfare trainees.

The Committee is also grateful to Dr. Nigel Gray, Deputy Medical Superintendent of the Royal Children's Hospital, for the time he gives to lecturing on Infectious Diseases, and to Dr. Roy Cash, Senior Dentist to the Melbourne City Council, for his special lectures on “Dental Care”, and also to Dr. M. Wilson, of the Maternal and Child Welfare Department, who lectures on “Home Safety and Accident Prevention”.

Dr. Ruth Walker looks after the Mothers and Babies in the Nursing Mothers' Wing, and Dr. Margery Wadds conducts a weekly clinic to trainees in the Baby Health Centre, and is also Assistant Paediatrician to the Hospital.

Dr. Marcia Robinson continued her lectures on “Pre-natal Care” to Infant Welfare trainees during the year.

Dr. T. Seward has continued his lectures on “Preventive Dentistry” to trainees and to Mothers in residence, or attending the Baby Health Centre.

Mr. Cathcart is lecturing to the infant welfare trainees in place of Professor Morey.

Dr. Sutton has retired — his place being taken by Dr. Briglia.

Special Lectures on the pre-school child are given by Miss Stubbs of the Maternal and Child Welfare Department, and visits to the “Lady Gowrie Centre” are paid by trainees.

Nursing lectures and demonstrations are carried out by Matron and her Nursing Staff.

Dr. Doris Officer continued to give lectures on “Public Speaking” to the trainees.

The Council appreciates the work carried out by the Medical Officers and Lecturers, and the time they devote to this work.

The Council very much values the excellent manner in which the Matron, Miss E. M. Buxton, the Assistant Matron, Sister G. Stott, and the Nursing Staff carry out the work of the Hospital, and to ensure its smooth running. Mothers constantly express their warm gratitude for all the help and care they receive at the Hospital.

The Council appreciates too the loyal and efficient work carried out during the year by all members of the domestic staff. The smooth running of the domestic side of the Hospital contributes so much to the successful running of the Hospital.

The Council values Mr. J. Stenning's work as general handyman — and the many services he carries out for the Hospital and the "Isabel Younger Ross Memorial Hall".

The Committee greatly values the very practical advice and help that Mr. H. H. Beet readily gives regarding the interior painting and renovations needed at the hospital, and the great interest he shows in the Hospital and its work, and in its smooth running whilst renovations and repainting are being carried out.

QUEEN ELIZABETH BABY HEALTH CENTRE

This Centre gives daily advice to many mothers living in the vicinity, and visits are also paid to the homes of the mothers.

The Sister-in-Charge is not only responsible for the routine running of the Centre itself, but also for the practical training of the Infant Welfare Trainees in Centre work.

The Council is grateful to Sister Love, the Sister-in-Charge, for her excellent work during the year.

Sister Love and her staff have given co-operation to the Melbourne City Council in its campaign for diphtheria immunisation, and have organised the smooth running of the monthly immunisation sessions, carried out by the Council's medical officer. Assistance is also given to Dr. Brodrick, Child Welfare Medical Officer for the City of Melbourne, at her medical clinics at the Queen Elizabeth Baby Health Centre.

The Pre-Natal Clinic which was started at the Centre in February, 1965, has continued to function well, and attendances are increasing.

It is staffed by a medical officer from the Melbourne City Council, but the nursing staff is provided by the Association.

The dietitian, Miss Ramsay, from the Maternal Child Welfare Department, now visits the clinic to advise the patients on diet. This is of great benefit to them and to the infant welfare trainees.

Film strips have been purchased from England which will be useful in our Training Programme.

The Queen Elizabeth Baby Health Centre was visited by Princess Prem of Thailand and Mrs. Fader, wife of the Consul for Thailand, in March, 1967. Princess Prem expressed great interest in our service for the welfare of Mothers and Babies.

**BUSINESS MEN'S COMMITTEE OF THE QUEEN
 ELIZABETH HOSPITAL FOR MOTHERS AND BABIES**

The Council greatly values the support afforded the Association's work by Mr. W. Howard, Chairman of the Business Men's Committee. Mr. Howard is now also a member of the Association's Finance Committee and the Council appreciates Mr. Howard's continued good work of helping in the raising of funds for the maintenance and development of the Queen Elizabeth Hospital for Mothers and Babies.

The Council is deeply grateful to the Directors of the Myer Emporium for again sponsoring the Doll Pageant this year in conjunction with Mr. Howard, and a Hospital Sub-Committee under the leadership of Lady Curtis, our President.

AUXILIARIES

Queen Elizabeth Hospital, Surrey Hills Auxiliary:

The Council is very appreciative of the very valuable and continued help given by this Auxiliary to the Hospital during the year.

Not only does this Auxiliary contribute many gifts of baby clothes to the Queen Elizabeth Hospital during the year, but has raised substantial sums for the purchase of special equipment for the Hospital.

During the year this Auxiliary made a contribution of \$270.

The Council expresses its warm thanks to the members of this Auxiliary for their very splendid efforts on behalf of the hospital.

STAFF AMENITIES FUND

The Staff Amenities Fund, organised and run by Matron Buxton, the Assistant Matron, Sister Stott, and Sister Love, Sister-in-Charge of the Baby Health Centre attached to the Hospital, have continued their valuable work of raising funds for the purchase of special equipment for the Hospital.

ISABEL YOUNGER ROSS MEMORIAL HALL

During the year the Hall has again been in demand for various functions and conferences.

The monthly lectures for Infant Welfare Sisters from all over the State, which are arranged by the Maternal and Child Welfare Department, are held in the Hall, and the monthly lectures arranged by the Association and given by Dr. Kate Campbell, are also held at the Hall.

The attractiveness and excellent facilities at the Hall have been appreciated by all who have used it, and special delight and comment have been expressed on its excellent acoustics.

LECTURING SISTER

Mothercraft Lecturing for the year has ended with increased classes and numbers of students.

The percentage of Certificates and passes was very high.

All girls taking the Mothercraft Lectures at the Schools serviced by the Association do a written examination paper on which they are marked for their certificates and have to get 75%, or over, marks for a certificate.

The girls also prepare project books on this subject. These are judged separately, and two prizes are awarded by the Association at the end of the year for the best project books. One prize this year was awarded to a student at Camberwell Girls' Grammar School and the other to a student at Preston Technical School.

The following 34 schools were visited:—

Convents: Convent of Mercy, St. Columba's College, Genazzano Convent.

Grammar Schools: "Firbank", "Shelford", "Ivanhoe", and Camberwell.

Methodist Ladies' College: Hawthorn.

Methodist Ladies' College: Elsternwick.

"Stratherne" Presbyterian Ladies' College.

"Penleigh" Presbyterian Ladies' College.

"Ruyton" Girls' Grammar School.

"Fintona" Girls' Grammar School.

Central Schools: Gardiner, Auburn, Middle Park, Moonee Ponds, Mont Albert (which became "Koonung" High last year).

Girls' Secondary Schools: Richmond, Fitzroy, Collingwood, Preston, Footscray, Flemington.

High Schools: Canterbury Girls', Coburg, Ringwood, Essendon, Koonung.

Technical Schools: Swinburne College, Box Hill Girls', Ringwood, East Preston, Preston.

A total of 2,493 girls received Mothercraft Lectures during the year and sat for the examination at the end of the Course.

Certificates issued	2,239
Passed	78
Failed	176

Classes lectured to numbered 98—at many Schools more than one class is given.

The Council has very much valued Sister Burgess's work as Lecturing Sister, and the interest she takes in it.

**LECTURES IN MOTHERCRAFT
 COUNTRY DISTRICTS**

In addition to the Lectures in Mothercraft supplied to Schools in the Metropolitan area, many Sisters-in-Charge of Baby Health Centres in the country have given lectures in their districts to senior school girls.

The Association congratulates these Sisters on carrying out this splendid educational work in addition to their routine Centre work.

STATE GOVERNMENT

The subsidy towards the erection of Baby Health Centre buildings is helpful and encouraging to local effort in raising funds for such buildings. The subsidy is now on a 2-1 basis up to \$6000.

The Council values the Government's continuance of the special grants to its Queen Elizabeth Mothercraft and Infant Welfare Training School.

The subsidy towards purchase of cars for Sisters in country districts, and the allotment of a grant towards their maintenance and depreciation is a very valuable contribution towards the success of Baby Health Centre work.

MUNICIPAL AND SHIRE COUNCILS

Municipal and Shire Councils continue to take an active interest in the Centres and in the extension of this Service in their districts. The Councils have been responsible for the erection of many fine buildings. Further ones are contemplated in many districts as soon as funds and the Government subsidy are available. Councils are frequently

helped by funds raised by their Baby Health Centre Committees in erecting their buildings, and many Committees have quite large sums in hand for this purpose, and the Association's Central Council has assisted many Committees with grants towards the equipment of new centres, or for extending the work in existing ones.

Councils bear all the maintenance costs of their Centres, and the cost of the Sister's salary, aided by the Government subsidy for each full-time Sister employed, or proportionately for those employed part-time.

Some Councils provide cars for their Sisters' use in visiting and travelling between sub-Centres, or give a "car allowance" if a Sister uses her own car for her work.

In many country districts, especially those unserved or sparsely served by train or bus services, a car is a necessity for the Sister to facilitate her transport from one Centre to another to carry on her work in part-time Centres, or to save her time when visiting the mothers in their homes.

The Council is grateful to those Municipal Councils who support the work of the Queen Elizabeth Hospital for Mothers and Babies with regular donations each year.

WASTE PAPER AND CARDBOARD APPEAL

The Association has continued to benefit each month by contributions received from the sale of waste paper, the collection being carried out by the "Hospitals and Charities Paper and Cardboard Appeal Committee".

The Association asks all those interested in helping its work to collect paper and cardboard, and make it available to the "Hospitals and Charities Paper and Cardboard Appeal" in which the Association shares.

During the year the Hon. Secretary of the Association, Dr. Doris Officer, O.B.E., continued as Chairman of the Hospitals and Charities Paper and Cardboard Appeal Committee.

FINANCE

The Council desires to thank all those who have so generously contributed financial support for its many Maternal and Child Welfare activities during the year. These donations have been of great benefit to the Association's work, and without this support the Association could not continue its work.

The Council specially thanks the Trustees of the Alfred Felton Estate, E. G. Batchelder Estate, Mrs. A. M. White Estate, Sir Walter Leitch Estate, Werge Batters Estate, T. J. Sumner Estate, Edward Wilson Estate, William Heath Estate, Sir William Angliss Charitable Trust, The Collier Charitable Trust, Percy Baxter Charitable Trust, Walter and Eliza Hall Trust, David Syme Charitable Trust, Peihard Tarax Charitable Trust, J. Russell MacPherson Fund, Stanley Heath Fund, Thomas Baker (Kodak), Alice Baker and Eleanor Shaw Benefactions.

Donations are gratefully acknowledged from the Business Men's Committee of the Queen Elizabeth Hospital for Mothers and Babies Surrey Hills Auxiliary, Queen Elizabeth Hospital, Hospital Sunday Collection (allocation), Victoria Charity Race Meetings (allocation), "Bing Boys", Lord Mayor's Fund, "Sun News Pictorial", Note Printing Branch, Welfare Fund, Australian Bank Officials Association, Joe White Maltings Ltd., Robison Brothers & Co. Pty. Ltd., Carlton & United Breweries, Kraft Foods Ltd., Commercial Travellers' Association, The Victoria Ltd., Gregory Steel Products Pty. Ltd., Shell Company of Australia Ltd., Michaelis Hallenstein & Co. Pty. Ltd., Vinegar Co. of Australia, Riverside Avenue Card Group, Mr. Thomas Baillie, Mesdames Gardiner, Dickinson, Mason, Roland, Ryan.

The following Councils are sincerely thanked for their contributions: Box Hill, Camberwell, Caulfield, Dandenong, Malvern, Sandringham, South Melbourne, St. Kilda, Shire of Colac, Shire of Corio.

Donations in appreciation of Mothercraft Lectures arranged by the Association at Schools are acknowledged as follows — Box Hill Girls' Technical School, "Pintona" Girls' School, "Penleigh" Presbyterian Ladies' College.

CONCLUSION

The Council records its thanks to the Sisters of the Association for their loyal and devoted service which means so much to the welfare of the mothers and babies in Victoria.

The Association expresses its thanks to the Secretary, Miss M. G. Lummis, and to all members of its office staff, for their work during the year. The Council has always valued the keen interest and loyalty to all the work of the Association that Miss Lummis has shown.

The Association's work of safeguarding the health of mothers and babies and in teaching the art of good parenthood becomes ever increasingly important.

The real prevention of many of the social ills, which cause so much concern today, such as the problems of the neglected, deprived or mal-adjusted child, or that of juvenile delinquency itself, lies in the teaching of "good parenthood" and in home-making. In this sphere the Association has the opportunity to carry out very valuable preventive work if funds and facilities for developing its work for parents, and the teachers of parents, is forthcoming.

It is much less costly to prevent than to have to cure.

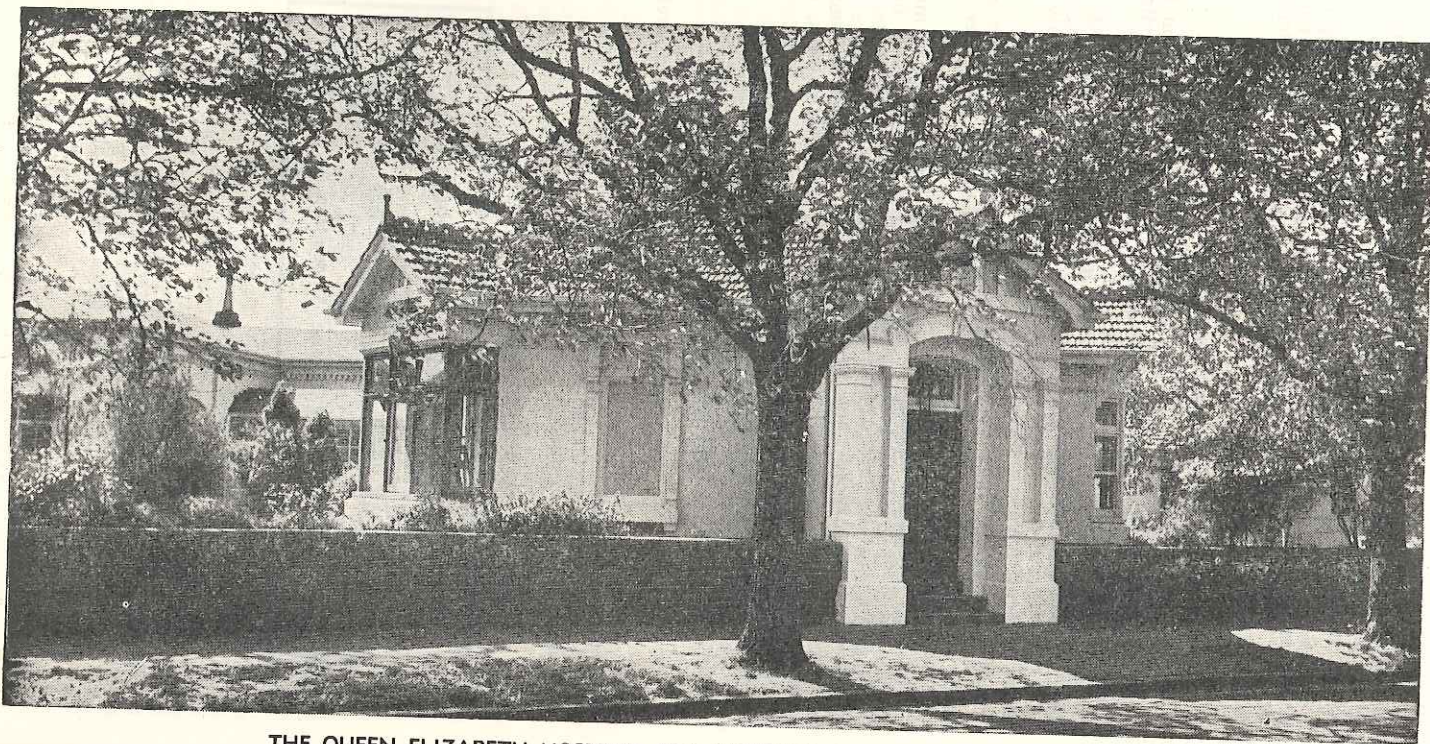

ELVIE CURTIS, President.

WINIFRED M. K. STEPHENS, Hon. Secretary.

Addendum to Annual Report:—

DR. DORIS L. OFFICER

It is with deep regret that The Council of Victorian Baby Health Centres Association, records the death of Dr. Officer, O.B.E., on 31st July, 1967. Dr. Officer was Honorary Secretary to the Association for 30 years.

THE QUEEN ELIZABETH HOSPITAL FOR MOTHERS & BABIES, MELBOURNE.
